#### PERSONAL INFORMATION:

I am a native San Diegan, attending San Diego State University full time, and coaching club soccer part time. I plan on becoming a teacher and I am currently working hard to reach my goal. I will be graduating soon, and I am very excited to enter the Credential Program at SDSU. In my spare time I play on soccer teams through various San Diego adult soccer leagues. I also like to spend time at the beach, and with my friends and family.
